FOR IMMEDIATE RELEASE

## Interstate Credit Union ATMs Now Deposit-Friendly

*The installation of new ATMs brings Interstate Credit Union members 24/7 access to accounts*

**Jesup, Georgia**-- Interstate Credit Union has installed brand new ATMs at each of their five branch locations to provide members with the latest in banking technology.

The addition of the ATMs will give credit union members the ability to deposit cash and checks 24/7, a service that was once unavailable. This new service allows members to manage their accounts and also make deposits after business hours, during weekends, and on holidays.

"Throughout the years, Interstate Credit Union has strived to offer the latest in technologies to make banking easier," said Stacie Branch, President of Interstate Credit Union. "This past year, we decided that adding deposit-friendly ATMs to our branch locations will allow our members more access for deposits, withdrawals and general banking services 24 hours a day."

Interstate Credit Union also offers a variety of online services where members can manage accounts anytime, and from anywhere. With the flexibility of 24/7 access at our five ATM locations, online, and from our mobile app, our members save valuable time and energy better spent with family and friends.

Interstate Credit Union is a federally chartered credit union that provides members with various banking services like checking accounts, savings accounts, loans and more. Interstate Credit Union has five locations in Georgia: Jesup, Baxley, Midway, Hazlehurst and Brunswick. For more information, visit us online at [iufcu.org](http://iufcu.org), call us at (800) 822-1124, or visit us at one of our five branch locations.

Interstate Credit Union is federally insured by the NCUA.
